The Co-Chairs of the Leadership Team are responsible for ensuring that delegated activities are completed and for providing guidance. Delegation of responsibilities aims to ensure that no one person is overburdened with CPC work and also that a diversity of voices are heard, and are participating and guiding the work of the CPC.

C. **Elections.** The Leadership Team shall be elected pursuant to the following procedures.

1. All members of the Leadership Team shall be elected for a term of two (2) years. Elections shall be staggered such that no more than four (4) Co-Chairs turn over on any given year. The Facilitation Co-Chair, the Communications Co-Chair, and the Diversity & Inclusion Co-Chair shall be elected in the same year, commencing in 2020, so that their terms are identical. The Administration Co-Chair, the Finance Co-Chair and the two (2) Assistant Diversity & Inclusion Co-Chairs shall be elected in for a one (1) year term one time only in 2020 to prepare the way for future staggered terms of the Leadership Team. In 2021, the Administration Co-Chair, Finance Co-Chair and the two (2) Assistant Diversity & Inclusion Co-Chairs will be up for election for a two (2) year term, and their terms will be identical. Elections for Co-Chairs shall be completed by March 31st.

2. Elections shall be held at a CPC meeting with the assistance of BPS staff from the Office of Engagement. Nominations and the submission of candidate statements may take place within or outside of a CPC meeting, but voting shall take place at a CPC meeting. Candidates for an office may nominate themselves or be nominated by another CPC representative. A CPC representative may run for more than one office in the same election, but they may not hold more than one office simultaneously.

3. Nominations shall be solicited by the Board Development and Recruitment Committee. The notice to solicit nominations shall share the positions available for election as well as the time, date and location of the next meeting.

4. Nominations can be submitted by email to the Diversity & Inclusion Co-Chair or any other Leadership Team member.
5. The Board Development and Recruitment Committee shall serve as the nominations committee.

6. Nominations must be made prior to the March meeting of the CPC each year, so the Board Development Committee has the opportunity to interview/communicate with the candidate.

7. The Leadership Team shall represent the racial demographics of BPS students as closely as possible, recognizing that those demographics will change over time:
   a. As long as less than 20% of BPS students are white, no more than 2 of the 7 members of the Leadership Team shall be white. In the event that this mandate cannot be met at the time of elections for any reason, there will be a vote for Temporary Leadership Team members to fill vacant seats. If one or more members of the Leadership Team have temporary status, each CPC meeting will start with the recognition that the Leadership Team is not reflective of the current demographic along with a request for volunteers to fill any temporary seats on a permanent basis. Furthermore, the Board and Development Committee will be tasked with recruiting to fill the temporary Co-Chair(s) with a permanent member.
   b. Any candidate for a Leadership Team Co-Chair shall self-identify his or her race and shall run accordingly. Any dispute over a candidate’s self-identification may not take the form of a motion to strike the nomination but may be raised and discussed by CPC members in determining for which candidates the CPC representatives will vote.

   a. An employee within the cabinet or executive level of BPS;

10. Candidates for a position do not need to be present at the time of voting but must have accepted their nomination prior to the vote.

11. Voting for each office shall be by secret ballot at a CPC meeting overseen by the BPS Office of Engagement. In the absence of the elected CPC representative being in attendance, the elected alternate representative may vote in place of the regular representative. In the absence of the elected CPC representative and the elected alternate representative, the elected CPC representative may appoint another parent/guardian from their school to vote (not in addition to the regular
representative – i.e., one vote per school). For each Co-Chair position, the winner/result shall be determined by a majority of the votes cast. If no candidate obtains a majority of votes on the first ballot, a runoff election will be held between the top two vote-getters. Each Co-Chair position shall be voted on separately, and a winner determined, before moving to the vote on the next position.

12. If, during their term, a Co-Chair who is a CPC representative is no longer a CPC representative, they shall continue holding their Co-Chair position, but will not be a voting member of the CPC except in the situation where they are designated an alternate representative for their school and authorized to vote.

D. Removal of Co-Chairs. Co-Chairs may be removed from their leadership position by vote of the CPC. Proposals to remove a Co-Chair or Co-Chairs may be introduced in the same way that other CPC business is introduced. A two-thirds majority of the votes cast is required to remove a Co-Chair. If a Co-Chair is removed from a leadership position, the Leadership Team shall appoint a replacement by majority consensus of the 6 other Co-Chairs, which shall be ratified by the CPC representatives. If such ratification is rejected, the Leadership Team shall call for a special election to fill the vacant position.

The meeting agenda shall normally be made available to CPC representatives and posted on the CPC website at least one week before the meeting.
   c. Location. The location shall be determined in advance of the meetings and the CPC shall aim to rotate locations in order to increase access to different demographic, regional or grade-level representation. CPC members may request that a meeting take place at their school; however, they must obtain permission from their School Parent Council and Administration prior to requesting a meeting in their space.

The Communications Co-Chair shall determine whether a quorum is present at the beginning of a CPC meeting. A representative or alternate representative is considered present, if they are either present in the room, or if they are present via electronic participation in a meeting (i.e., through a conference call or video conference). If no quorum is present, matters requiring a quorum may/will be postponed to later in the meeting (with the Communications Co-Chair advising as to whether a quorum has been reached during the meeting) or to a subsequent meeting. Once a quorum is present, matters requiring a quorum may be undertaken even if one or more CPC representatives leave during the meeting.

E. *Conduct of Meetings.* The Facilitation Co-Chair or their designee shall lead CPC meetings, except on occasions when the Leadership Team decides otherwise. The Facilitation Co-Chairs, or anyone else leading a meeting, shall endeavor to adhere to any time limits on the agenda for each agenda item, to allocate time fairly for CPC representatives to speak (for instance, to impose and enforce time limits for each speaker), to begin and end meetings on time, and to follow and enforce any meeting norms (see Addendum I for description of CPC Norms) that have been approved by the CPC. This includes traditional district schools, exam schools, pilot schools, Horace Mann charter schools (also called in-district charter schools), Turnaround schools and Innovation schools. A list of these schools can be found in Addendum 3.

Communities are not limited to geography and may also include (in alphabetical order), communities developed around family structure (e.g., adopted parent communities, single parent communities, LGBTQIA+ communities), linguistic communities, grade level communities (i.e., elementary, middle or high school), racial and ethnic communities, religious communities, socioeconomic communities and special needs communities. This list is not intended to be comprehensive and may expand or change over time as necessary to ensure inclusivity.

The CPC Bylaws Committee recognizes the importance of having CPC membership and a Leadership Team that reflects the demographics and diversity of the BPS student population for our group to successfully fulfill its mission. In knowing that CPC representatives are elected to represent their schools and are not selected to represent the demographics of the BPS student population, it is incumbent on the CPC itself to seek out and foster a true representation of the BPS student population. For this reason, the Leadership Team will include a Diversity and Inclusion Co-Chair and 2 Assistant Diversity and Inclusion Co-Chairs overseeing the Recruitment Committee and its sub-committee the Board Development Committee. Over time the specific demographics of the BPS population may change, and it should always be the intent for CPC to continue to reflect those demographics.
