

Pandemic EBT

Pandemic EBT (p-EBT) is a federal benefit that provides families with additional money to buy food while schools are closed due to COVID-19.

Families will receive **\$399 per student** for the school closures from March to June, and the federal government may extend benefits at a later date.

Cards were mailed this spring. If you need a new one, call the Department of Transitional Assistance at **877-382-2363**. Please contact your State Rep or Senator if you're having difficulty navigating the process.

Around 1 in 5 eligible families have not yet activated their p-EBT cards! Once activated, benefits on the card will be available for 365 days.

Don't need your benefits? There are ways to share them. Reach out to **cpcpebt@gmail.com**.
